## AMERICAN ECONOMIC ASSOCIATION COMPUTERIZES

In October 1977, the Association's mailing list was converted to a computerized system. It is now **EXTREMELY IMPORTANT** that you send your address label with all of your correspondence — whether it be changes of address, payments, complaints, etc. If you are unable to send the actual Address Label, please include your Account Number (which is described below).

### Membership Codes

**REGULAR MEMBERS** (code "M") with the academic rank of Assistant Professor or lower or with annual income of \$12,600 or less irrespective of rank, paying an annual fee of \$26.25.

**REGULAR MEMBERS** (code "N") with the academic rank of Associate Professor or with annual income above \$12,600 but not more than \$21,000, paying an annual fee of \$31.50.

**REGULAR MEMBERS** (code "O") with the academic rank of Full Professor or with annual income above \$21,000,

paying an annual fee of \$36.75.

**JUNIOR MEMBERS** (code "J"), available to registered students for three years only, paying an annual fee of \$13.00. Student status must be certified by your major professor or school registrar.

**FAMILY MEMBERS** (code "F"), available for two or more persons living at the same address — receiving only one set of publications of the Association. Second membership pays an annual membership fee of \$5.25.

We realize that there may be some problems in the beginning, but we are confident that the operation of the Association will be much more efficient with the computerization of the lists.
